EXPLANATORY NOTE

TO THE TRADE VOLUME OF THE PRESIDENCY OF BOMBAY.

Nature of the Trade Recorded.—The trade dealt with in these accounts is that of the Port of Bombay and of the subordinate ports of the Bombay Presidency.

The Foreign and the Coasting trade of ports in Native States of the Presidency is not recorded and is therefore not included in these accounts.

Indian ports are not transhipment centres for foreign countries to any considerable extent; the trade returns do not take such transhipments into account and they, therefore, do not figure in these tables.

The volume is divided into three parts;—

Part I—(Foreign Trade)—contains tables relating to trade of the Bombay Presidency with foreign countries.

Part II—(Coasting Trade)—contains tables relating to trade between the Bombay ports and other British Indian ports as well as with ports which, although Indian, are not British Indian.

Part III—(Shipping, Foreign and Coasting)—contains tables relating to shipping, both foreign and coasting.

PART I (FOREIGN TRADE).

Explanation of Imports and Exports.—The accounts of both imports and exports are exclusive of foreign merchandise transhipped at ports within the Presidency of Bombay.

The import tables record the quantity and value of goods landed, whether they are intended for home consumption, bonding or re-exportation.

Re-exports of foreign merchandise as distinguished from exports of Indian merchandise are recorded separately.

Only so much of passengers' baggage as is dutiable is included.

Imports and exports from and to foreign countries by parcel post are included, but, with certain exceptions, the contents of foreign registered letters received are not included. Registered letters exported are also not included.

Imports and exports of gold and silver, coin and bullion, are recorded separately and are not included in the figures of merchandise.

Imports and exports of Government stores are also dealt with separately.

Quantities and Values.—The statements of both quantities and values are based on the declarations of importers and exporters in bills of entry and shipping bills as subsequently checked by the Customs officials. The quantity of goods imported and exported is recorded so far as it is possible to do so. In most cases the quantity is recorded by weight, though, in certain instances, the quantities are recorded by number or by gallons, or by yards. When weight is the prescribed denomination, different units (tons, cwt., lb. and oz.) are specified according to the nature of the various articles and trade practice. The weight recorded is the net weight of the goods, *i. e.*, not including the weight of the covers or receptacles in which the goods are packed. According to the provisions of the Indian Sea Customs Act (Section 30) the values of goods imported or exported represent:—

(*a*) the wholesale cash price less trade discount for which goods of the like kind and quality are sold or are capable of being sold at the time and place of importation or exportation as the case may be without any abatement or deduction whatever except (in the case of goods imported) of the amount of the duties payable on the importation thereof; or

(*b*) where such price is not ascertainable the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction except as aforesaid.

Classification of the Trade by Countries.—Imports are classified according to the countries of consignment, *i.e.*, the countries from which the goods have come, whether by land and sea or by sea only, without interruption of transit save in the course of transhipment or transfer from one means of conveyance to another.

Exports are shown according to the countries of final destination, *i.e.*, the countries to which goods exported are intended to pass whether by sea and land or by sea only, without interruption of transit save in the course of transhipment or transfer from one means of conveyance to another.

Mention may be made of shipments to Port Said to await orders for delivery in ports beyond the Canal. In such cases exporters are required to give information, as soon after shipment as it is obtainable, as to the final destination of the goods.

Outline of Tables included and Arrangement of Articles.—In part I there are 18 tables showing the trade of the Presidency, the Chief Port (Bombay) and the subordinate ports with foreign countries for a period of five years.

Tables 1 and 1-A are abstracts of total values of merchandise and treasure imported and exported for the whole Presidency with the share of the Chief Port (Bombay) and that of the subordinate ports exhibited separately.

Table 2 gives abstract total values of Government stores and treasure imported and exported for the whole Presidency and its Chief Port (Bombay) separately.

Tables 3 and 4 show the value of the import and export trade respectively of the Presidency with each country, the share of the subordinate ports being shown separately under each country.

Tables 5 to 7-A show the abstract of the trade in each article for the chief Port (Bombay) and for the subordinate ports taken together. In these tables figures are shown under a major, subordinate or detailed head when the value is not less than Rs. 1,00,000, Rs. 50,000 and Rs. 20,000 respectively. Sub-heads that have attained the appropriate minimum of Rs. 50,000 are distinguished and the total for the major head is completed by means of an entry "others" and is shown even if it fell short of Rs. 1,00,000. Detailed heads that have attained the appropriate minimum of Rs. 20,000 are distinguished and totals are constituted and shown for the sub-head and major head to which such detailed heads belong and this even though the totals of the sub-head and major head in question fell short of Rs. 50,000 and Rs. 1,00,000 respectively. When the value of the trade is less than the minimum, it is merged, in the case of major heads, in the head "other articles" of the group to which it belongs, and in the case of subordinate or detailed heads, in the sub-head "others" under the major or sub-head, unless special reasons exist for specifying it separately.

Tables 8 to 11 deal with Customs Duty collections, Refunds and Drawbacks, the articles in tables 9 to 11 being arranged in accordance with the latest tariff schedules, with a note against each article of the rate of duty in force from time to time.

Table 12 shows the value of such dutiable articles as have been passed free for specific institutions or individuals, the articles being arranged in alphabetical order.

Table 13 gives the quantities of dutiable articles remaining in bond at the end of the year.

Tables 14 and 15 deal with the imports and exports of treasure, private and Government.

General tables 16 and 17 detail the particulars of imports and exports of private merchandise and Government stores from and to each foreign country for the Presidency as a whole, the trade with the different countries being detailed under each article. In these tables, the trade with each country is recorded separately when its value is Rs. 1,000 or more; when there are

two or more countries with which the trade is unimportant, *i.e.*, with a value of less than Rs. 1,000 in each case, the countries have been grouped under the head "Other Countries." Also, when the value of the trade under any major, subordinate or detailed head is less than Rs. 1,000, it has been merged, in the case of major heads, in the head "All other Articles," of the group to which it belongs, and in the case of subordinate or detailed heads, in the sub-head "Other Sorts," under the major or sub-head unless special reasons exist for specifying it separately.

The details of trade with each country are shown in table 18, which is divided into three parts, 18-1 showing imports from each foreign country, 18-2 exports of foreign merchandise, and 18-3 exports of Indian merchandise thereto. Only those countries are exhibited, the value of the trade with which is of a lákh of rupees or more, and only those articles, the trade in which under each major head is not less than Rs. 10,000.

In all tables where trade is shown according to countries, the countries included in the British Empire have been grouped separately from Foreign Countries.

In tables 5 to 7-A and 16 to 18-3 articles of trade are grouped under the following main heads :—

I.—Animals, living.

II.—Articles of Food and Drink.

III.—Metals and Manufactures of Metals.

IV.—Chemicals, Drugs, Medicines and Narcotics, and Dyeing and Tanning Materials.

V.—Oils.

VI.—Raw Materials and Unmanufactured Articles.

VII.—Articles, Manufactured and partly Manufactured.

The sub-heads and items specified thereunder are in alphabetical order.

The term "Indian Merchandise" comprises all goods which are the growth, produce, or manufacture of India. Indian merchandise is distinguished from British or foreign merchandise in the declarations of shippers made in the shipping bills from which the trade statistics are compiled.

A classified list of articles, the trade in which is separately exhibited in Tables 16 and 17 (general imports and general exports) and a complete list of all the countries, the trade with which is separately recorded, are appended to this note.

Changes in the form of the Accounts—The following are the important changes that have been made in Part I.

(1) The method of registration of Foreign Trade statistics according to the country of consignment in the case of imports and the country of final destination in the case of exports has been permanently adopted, the old system of registration according to the countries of shipment and discharge being abandoned.

(2) In place of the uniform limit of one lákh of rupees for the exhibition of articles in the Abstract Tables of the Foreign Trade, three differential limits, namely, one of Rs. 1,00,000 for Major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads have been instituted.

PART II (COASTING TRADE).

The Nature of the Trade Recorded.—The trade dealt with in this part is the trade of the British ports within the Presidency of Bombay (the chief port and the subordinate ports) with one another and with other ports in India.

Explanation of Imports and Exports.—The accounts of both imports and exports are exclusive of merchandise transhipped at Customs ports in the Presidency.

Only so much of the passengers' baggage as is dutiable is included.

Imports and exports of gold and silver, coin and bullion, are recorded separately and are not included in the figures of merchandise.

Imports and exports of Government stores are recorded separately, but are not shown in Part II of this volume.

For both imports and exports "Foreign Merchandise" is distinguished from "Indian Merchandise." The latter term comprises all goods which are of the growth, produce or manufacture of India.

Quantities and Values.—Quantities and values are based on the definitions given in Part I except that in the Coasting trade Customs and Excise duties previously paid are, for statistical purposes, included in the value of the goods exported and imported.

Outline of Tables included and Arrangement of Articles.—There are 11 tables in this part, in all of which the articles are arranged alphabetically.

Tables 1 and 1-A respectively give the abstract total value of the trade of the Presidency and of each port therein.

Tables 2 and 2-A exhibit the total values of interchanges of trade within the Presidency and with other maritime provinces in India, the particulars being given in 2-A (trade of all the subordinate ports combined) for a period of five years with details for each subordinate port for one year.

Tables 3 to 6, 3-A, B, C, D to 6-A, B, C, D and 3-E to 6-E show abstracts of imports and exports of country produce and foreign merchandise respectively for the chief port, for each of those subordinate ports (namely, Honávar, Trombay Uran and Broach) at which the average total value of the annual Coasting trade (imports and exports combined) is not less than Rs. 50 lákhs and for all other subordinate ports taken together where in each case the combined total value is less than Rs. 50 lákhs. In these tables the same limits of value have been observed as in the foreign trade tables 5 to 7 A.

Tables 7 to 10 detail the particulars of imports and exports of country produce and foreign merchandise of the Presidency with (1) British ports in other Presidencies, (2) British ports within the Presidency, and (3) Indian ports not British. In these tables the trade in each article, with each province or port is shown separately when its value is Rs. 10,000 or more, and when the value of the trade under a major, subordinate or detailed head is less than Rs. 10,000, it has been merged, in the case of major heads, in the head "all other articles of merchandise," and in the case of subordinate or detailed heads, in the sub-head "other sorts" under the major or sub-head unless special reasons exist for specifying it separately; similarly, if the value of the trade with any province or port in any particular article is less than Rs. 10,000, it is grouped under one of the heads "Other Provinces" or "Other Indian Ports not British."

Table 11 deals with the imports and exports of treasure, private and Government.

Changes in the form of the Accounts.—The following is an important change that has been made in Part II.

(1) In place of the uniform limit of one lákh of rupees for the exhibition of articles in the Abstract Tables of the Coasting Trade, three differential limits, namely, one of Rs. 1,00,000 for Major heads, one of Rs. 50,000 for sub-heads and one of Rs. 20,000 for detailed heads have been instituted.

PART III (SHIPPING).

The Nature of the Statistics Recorded.—These statistics deal with the shipping which entered and cleared at Bombay and the subordinate ports of the Presidency during the year.

An explanation of the manner of registration of the vessels entered and cleared, and definitions of the several classes of ships, are given in the note appended.

Arrangement of the Tables.—Tables 1 to 9 contain particulars of the tonnage of vessels engaged in the Foreign trade and tables 10 to 14 of vessels engaged in Coasting trade, *i. e.*, trade with Indian ports, British and non-British.

The total number and tonnage of vessels arriving from and clearing to foreign countries are given in table 1 while the shipping of the port of Bombay is shown separately in table 1-A. Tables 2 and 3 exhibit the amount of shipping which traded with the different countries and tables 4 and 5 give the nationalities of the vessels engaged, for a period of five years, while tables 6 to 9 show the tonnage of the vessels of each nationality engaged in trade with each country for one year.

The total tonnage of the shipping engaged in the Coasting trade is exhibited in table 10, while tables 11 and 12 show the tonnage of the coasting vessels (with cargoes) of each nationality engaged in the trade with each Presidency. Table 13 shows the number of vessels built at each port, and 14 the number of vessels first registered at each port under the English and Indian Merchant Shipping Acts.

In these tables separate figures are shown for steam and sailing vessels as well as for vessels which entered and cleared with cargo and in ballast.

SHIPPING.

Explanation of the manner of registration of the vessels entered and cleared.—In the case of a vessel arriving from or clearing to more than one British Indian or foreign port (including foreign Indian ports), she is registered as follows:—

In the case of a vessel arriving from—	Several foreign ports ...	She is shown as having entered from—	The first foreign port.
	Several British Indian ports.		The last British Indian port.
	British Indian and foreign ports.		The last British Indian port.
In the case of a vessel clearing to—	Several foreign ports ...	She is shown as having cleared to—	The last foreign port.
	Several British Indian ports.		The first British Indian port.
	British Indian and foreign ports.		The first British Indian port.

It should be mentioned that nearly all the vessels shown as having cleared for Egypt are vessels which merely call at Port Said "for orders" and are destined for various ports in Europe.

The tonnage recorded in these accounts is the "registered" tonnage of a vessel.

His Majesty's Ships of War, pleasure yachts, steam boats and launches are not included in the shipping tables.

Definitions of the several classes of ships.—Separate figures are given for the following classes of ships:—

British.	Foreign.
British Indian.	Native craft.

the definitions for which are as follows:—

British.—Steamers and square-rigged sailing vessels, flying the British flag and registered under the English Merchant Shipping Act of 1894, in any port in the United Kingdom or in a British Possession other than British India.

British Indian.—Steamers and square-rigged sailing vessels, flying the British flag and registered under the Indian Merchant Shipping Act, X of 1841, or other enactment* for the time being in force for the registration of ships in British India.

* Such as the English Merchant Shipping Act of 1894.

Native Craft—

(i) *British.*—Sailing vessels not square-rigged, flying the British flag but not belonging to any ports in British India or in Native States.

(ii) *British Indian.*—Sailing vessels not square-rigged belonging to ports in British India or in Native States.

(iii) *Foreign.*—Sailing vessels not square-rigged, flying a flag other than the British flag or that of a Native State.

Foreign.—Steamers and square-rigged sailing vessels flying a flag other than the British flag.

The particular nationality of all steamers and square-rigged vessels falling under class "Foreign" is shown separately in the Foreign trade only. In the case of Native Craft falling under class (iii) *Foreign*, the figures for all nationalities are grouped together in the Foreign as well as the Coasting trade.
